

Concept Map Scoring Rubric

Name: _____

Percentage Score: _____

Use this scoring rubric as a guide to completing your Concept Map project.

Dimension	Excellent (4 pts)	Good (3 pts)	Fair (2 pts)	Poor (0-1 pts)	Score
COUNTS HALF: Title & name(s) on project.	Project contains a meaningful title, including student name(s).	Title not entirely appropriate, but includes student name(s).	Title misleading, but contains student names(s).	No title, but includes student name(s) OR no title and no name(s).	<u>2</u>
Assigned task or goal statement	Student objective(s) clearly stated in manner of a performance.	Student objective(s) stated in manner of a performance but somewhat vague.	Student objective(s) stated but as a goal rather than a performance.	Student objective(s) not provided.	
Number of pertinent words	At least 20 pertinent words used.	At least 18 pertinent words used.	At least 15 pertinent words used.	At least 10 pertinent words used.	
Number of arrows used	At least 30 arrows used.	At least 25 arrows used.	At least 20 arrows used.	At least 10 arrows used.	
Directions on arrows	At least 10 arrows with directions.	At least 8 arrows with directions.	At least 5 arrows with directions.	Less than 5 arrows with directions.	
Words on arrows	At least 15 words on arrows indicating relationship.	At least 13 words on arrows indicating relationship.	At least 10 words on arrows indicating relationship.	At least 5 words on arrows indicating relationship.	
COUNTS DOUBLE: Accuracy of relationships	95% - 100% of relationships are clear, accurate, and meaningful.	85% - 95% of relationships are clear, accurate, and meaningful.	70% - 85% of relationships are clear, accurate, and meaningful.	50% - 70% of relationships are clear, accurate, and meaningful.	<u>8</u>
Completeness	All major concepts are included in map.	Most major concepts are included in map.	Some major concepts missing from map.	Most major concepts missing from map.	
Visual appeal	Makes effective use of multiples colors to clarify relationships.	Makes effective use of one-color shading to clarify relationships.	Makes use of neither color nor gray shading to clarify relationships.	Concept map not visually appealing at all; use of mixed or confusing symbols.	
Logical arrangement	Clear effort to cluster elements in a meaningful fashion.	Makes some effort to cluster elements in meaningful fashion.	Makes little effort to cluster elements in meaningful fashion.	Makes no effort to cluster elements in meaningful fashion.	
Export and transmittal	Saved and exported as an image file; sent via email.	Saved and exported as an application file; sent via email.	Saved and exported as an application file; printed as hard copy.	Saved and exported as a application file; not printed.	
Submission	File submitted on time.	File submitted 1-3 days late.	File submitted 4-7 days late.	File submitted more than 7 days late.	
Total points:					<u>50</u>
